

National Members Forum

Circular Communities Scotland members located the length and breadth of Scotland are invited to this National Forum. This is an opportunity to network with your peers, share your organisation's news, hear in more detail from a few members during our Q&A session and also from Zero Waste Scotland. In addition there will be a strategic update from Circular Communities Scotland and the opportunity to contribute and share experiences during our open discussion section.

Tuesday 22 March 2022, 10.00am – 11.30am
Digital Event via Zoom
