

'New Members Forum'

Tuesday 17th January 2023 at 10.00am

Online Event via Zoom

This forum will enable organisations who joined Circular Communities Scotland during 2022, to come together to hear more about the many benefits associated with membership of a network dedicated to supporting the establishment of a thriving circular economy in Scotland. This is a great opportunity to meet other new members, hear from existing ones, meet the Circular Communities Scotland team and share and exchange information on your own organisations and projects.
