

'New Members Forum'

Tuesday 16th January 2024 at 10.00am

Online Event via Zoom

This forum will enable organisations who joined Circular Communities Scotland during 2023, as well as recent members of staff/volunteers from existing members, to come together to hear more about the many benefits associated with membership of a network dedicated to supporting the establishment of a thriving circular economy in Scotland.

This is a great opportunity to meet other new members, meet the Circular Communities Scotland team, obtain an overview of our Projects for 2024 and share and exchange information on your own organisations and current initiatives.

Agenda

- | | |
|-------|--|
| 10:00 | Welcome & Introductions |
