

Members Forum
'The Circular Economy at Work in the Borders'
Thursday 21st March 2024 at 11.00am – 1.00pm
Venue: Mac Arts, Bridge Street, Galashiels, TD1 1SP

This forum will enable members and community organisations carrying out circular economy activities in the Borders to come together and network with each other.

This is a great opportunity to meet with your peers, operating throughout the Borders region, and to hear in more depth from several member organisations during our Spotlight on Members session. There will also be a strategic update from Circular Communities Scotland and member visit (optional) directly following a light sandwich lunch.

Agenda
